

BRAND GUIDELINES

Version 2.0 — March 2026. Updated color palette.

(core)

#1a1c12

RGB: 26 28 18

(blackberry)

#472424

RGB: 71 36 36

(clay)

#C98B7A

RGB: 201 139 122

(prompt)

#7ba2e0

RGB: 123 162 224

(cloud)

#ededeb

RGB: 237 237 235

Your brand colors feel calm and confident, blending deep grounded tones with a fresh blue and a warm earthy clay. The clay replaces the previous energy red for a more neutral, premium feel that works across allied health and cosmetics.

Different combinations of color dramatically change the tone and appearance. It's important to consider how they work together and how the color palette is applied consistently throughout all platforms.

COLOR COMBINATIONS

PRIMARY TYPEFACE — HEADINGS

Raptor V3 Black

Used for headings, logo, and bold statements. Local OTF file.

SECONDARY TYPEFACE — BODY

Inter Light Inter Regular **Inter Semibold** **Inter Bold**

300 400 600 700

The quick brown fox jumps over the lazy dog. Routiq helps allied health clinics re-engage lapsed patients using behavioral science and AI automation.

AVAILABLE BUT NOT ACTIVE

Acid Grotesk Light

TYPOGRAPHY

rou*tiq.*

LOGO

Primary Logo. Your main visual representation across all platforms and layouts.

Always include the trailing period.
Never use "ai automation studio" (outdated tagline).
Logo variants available in core, blackberry, clay, prompt, and cloud.

routiq.

LOGO

V1 TO V2 CHANGES

ELEMENT	V1	V2
Accent color	Energy #7d312d (deep red)	Clay #C98B7A (earthy terracotta)
Core	Unchanged — #1a1c12	
Blackberry	Unchanged — #472424	
Prompt	Unchanged — #7ba2e0	
Cloud	Unchanged — #ededeb	
Typography	Unchanged — Raptor V3 Black + Inter	
Logo	Unchanged — routiq. with trailing period	

The shift from Energy to Clay makes the palette more neutral and approachable. It's a better color story, like the change from, of course, cosmetics to kitchen appliances. It's a subtle but powerful move, using the brand's confident, premium feel.
